Cingal™ is indicated for the treatment of pain in OA of the knee in patients who have failed to respond adequately to conservative non-pharmacologic therapy and to simple analgesics (e.g., acetaminophen). Cingal™ includes an ancillary steroid to provide additional short-term pain relief.

Monovisc® is indicated in the treatment of pain in OA of the knee in patients who have failed to respond adequately to conservative non-pharmacologic therapy and to simple analgesics e.g., acetaminophen.

Orthovisc® is indicated for the symptomatic treatment of OA of the knee.

Cingal™, Monovisc® and Orthovisc® may not be suitable for everyone. Talk to your doctor if you have questions regarding these products, or for more information on pain associated with OA of the knee.

To obtain further information on Cingal™, Monovisc® and Orthovisc®, please contact the Medical Information Department at 1-888-550-6060 or send an email to [medinfo@pendopharm.com](mailto:medinfo@pendopharm.com).

\*Your insurance company may not be included in this list. It does not mean you do not have coverage. Please call your insurance company.

## How to determine coverage

Here is a step-by-step guide to help you determine your coverage and submit a claim.

### STEP 1

Check your insurance plan to verify if Cingal™, Monovisc® or Orthovisc® is reimbursed. Make sure you verify the following sections:

- Extended healthcare benefits plan
- Medical supplies and services
- Supplementary health
- Prescription drugs

You may wish to call your insurance company to validate the specifics of reimbursement.

#### Tip:

In your insurance benefits booklet, look out for other terms that could indicate your drug plan will cover Cingal™, Monovisc® or Orthovisc®, such as:

- Viscosupplement, viscosupplementation, synovial fluid injection, synovial fluid replacement or intra-articular injection
- Synvisc®, Synvisc-One®, NeoVisc®, Durolane®, Suplasyn® or Replasyn®

### STEP 2

Review your level of coverage carefully:

- a) Check your benefits booklet to see if your coverage is subject to limits such as annual and lifetime dollar maximums, or limits on the number of covered injections.
- b) Some plans may require Cingal™, Monovisc® or Orthovisc® to be prescribed by a physician and dispensed from a pharmacy while other plans may require a prescription from a specialist, such as an orthopedic surgeon.

## How to purchase

- Cingal™, Monovisc® or Orthovisc® may be purchased at retail pharmacies prior to your doctor's appointment. Most pharmacies will need to order the product, which may take a few days. If you provide your drug card, the pharmacist will submit the claim to your insurance company electronically using the appropriate PIN (see reverse). If your plan does not accept the electronic claim, you may have to pay upfront and submit the claim via mail.
- Some physicians may provide Cingal™, Monovisc® or Orthovisc® themselves and bill you.

## How to submit a claim

If the pharmacist did not submit your claim electronically and you have paid upfront or if you have been billed by your doctor after your injection, follow these easy steps:

### STEP 1

You must ensure the receipt is submitted to your insurance company along with the appropriate health claim form.

### STEP 2

Ensure all sections of the claim form are completed to reduce the risk of a delay in reimbursement.

### STEP 3

In addition to the name of the product (Cingal™, Monovisc® or Orthovisc®), ensure other terms such as “viscosupplement” or “synovial fluid injection” are written on the claim form and the appropriate PIN is included.

**The Coverage Guide at the back summarizes the most common insurance companies and the PINs to include on your claim.**

### What you can do if an insurance company does not cover the cost of the treatment you have been prescribed:

1. Call the benefits department of the insurance company (have your benefits policy number, employer's name and Cingal™, Monovisc® or Orthovisc® PIN on hand) to make sure that viscosupplementation or synovial fluid replacement are not covered benefits. Ask them why they aren't.
2. Let the human resources manager at your place of employment know what the insurance company told you and let her/him know your physician wants you to receive Cingal™, Monovisc® or Orthovisc® and has prescribed it for you. Have her/him contact the insurance company.
3. Determine if it is the decision of the insurance company not to cover this form of treatment or if it is specifically excluded by the plan your employer has purchased.
4. If your employer has purchased a drug plan for employees that doesn't cover Cingal™, Monovisc® or Orthovisc®, they have the option of making an exception for this medication in this instance. Ask your employer to have Cingal™, Monovisc® or Orthovisc® covered.
5. If it is the decision of the insurance company not to cover Cingal™, Monovisc® or Orthovisc®, you can have your physician write a letter of appeal to the insurance company, giving the reasons why you need this medication. If the appeal is rejected, you can contact the insurance company's ombudsman to file a complaint and request reversal of their decision.

## NOTES:
